Don't Like "Xmas."

The man, woman or child who spells it "Xmas," or speaks it "Xmas," should be permanently excommunicated without the benefit of clergy. There has never been anything in its line, or savoring of its class, so entirely and hopelessly without justification or reason as this senseless custom of referring to Christmas. Why not speak of "Xtianity"? Or the early disciples of "X"? The idiot.

General Manager of the Harriman Lines is said to be slated for Higher Position.

While the officials deny any knowledge of the details, it is persistently rumored that E. E. Calvin, general manager and president of the O. R. & N. since the promotion of Mohler, is to become manager of the Southern Pacific with headquarters in San Francisco.

Mr. Calvin has been on the O. R. & N. but a short time, coming here from the Ogden division of the Union Pacific. He is a practical railroad man, having come up from the ranks, through the successive positions of trust until he has reached the highest in the gift of the Harriman people.

If Mr. Calvin goes to San Francisco it is thought that J. P. O'Brien, now superintendent of the O. R. & N. and Southern Pacific lines in Oregon, may succeed to the office of general manager of the Harriman lines north of Ashland.

YOUR CASE AND OSTEOPATHY.

You say, "I can see how Osteopathy can cure some things, but I do not see how it can help me."

As usual you have never thought of a cause for your trouble. With slight displacement of ligaments, muscles and bones, especially of the spine and ribs, with the nerve and blood supply disturbed thereby, any form of disease may result, depending on the nature of the interference.

The Osteopath can remove this cause in one disease as well as another. The cure then depends upon nature's power to repair the damage.

All curable diseases, acute and chronic, have been cured by Osteopathy. The following is a partial list in which marked success has been attained: Tonsillitis, dyspepsia, constipation, diarrhoea, dysentery, appendicitis, ascites, gall stones, cystitis, enlarged prostate, "gravel," anemia, goitre, dropsy, la grippe, croup, bronchitis, asthma, hay fever, pneumonia, pleurisy, malaria, typhoid and all fevers, measles, erysipelas, diphtheria, paralysis, epilepsy, neuralgia, sciatica, nervous prostration, eczema, St. Vitus dance, spinal curvature, impotency of men, milkless, female diseases and rheumatism (in worst forms); many forms of heart disease, deafness, blindness, diabetes, Bright's disease, and consumption (except in far advanced cases.)

Doctors Holsington, graduates under the founder, Dr. SULL, will explain any point you wish. Call on them. Despair block.
